

## The 5th PNG Alluvial Mining Convention & Trade Show September 21-22 2021

### THEME

**“INCORPORATING A SAFER, SUSTAINABLE & FORMALIZED ALLUVIAL MINING  
SECTOR IN PAPUA NEW GUINEA AS AN SME ACTIVITY”**

The PNG Alluvial Mining Convention & Tradeshow is an initiative of the Mineral Resources Authority (MRA) to promote and showcase the potential of the alluvial gold mining in PNG.

The 2018 PNG Alluvial Mining Convention & Tradeshow hosted in Lae had an incredibly huge number of stakeholder participants from within the country and overseas, which is an indication of the growing interest in the alluvial mining business.

The stakeholders include Alluvial Gold Miners from all the alluvial mining regions of PNG, Regulatory Agencies, SME Agencies, Financiers, Investors, Licensed Gold Exporters, Local Gold Buyers, Provincial & Local Level Governments, and Equipment Manufacturers and Suppliers.

The 2021 convention is scheduled to be held in Lae again. The MRA cordially extends its invitation to all the stakeholders to attend and engage meaningfully in the convention and tradeshow.

Expressions of Interests are now requested from advertisers, presenters and sponsors for the convention. For more information, contact Event Organizers: Tel (675) 71 922 394/783 78574 Email: [events@mra.gov.pg](mailto:events@mra.gov.pg).
